Pediatric Advanced Life Support (PALS)

Primary Audience

The PALS Course is for healthcare providers who respond to emergencies in infants and children. These include personnel in emergency response, emergency medicine, intensive care and critical care units, such as physicians, nurses, paramedics and others who need a PALS course completion card for job or other requirements.

Classroom Renewal Course

The American Heart Association's PALS Course is an Instructor-led, classroom-based course that enhances healthcare providers’ skills in the treatment of pediatric arrest and peri arrest patients. The goal of the PALS Course is to improve the quality of care provided to seriously ill or injured children, resulting in improved outcomes. The course uses a series of simulated pediatric emergencies to teach and reinforce the important concepts of a systematic approach to pediatric assessment, basic life support, PALS treatment algorithms, effective resuscitation and team dynamics. Cost of a PALS provider manual is not included.

Cost: Update class - $150 if needed PALS Provider Manual - $40 (each student must have a book)

Course Covers:

• 1- and 2-rescuer child and infant CPR, and AED use
• Management of respiratory emergencies
• Rhythm disturbances and electrical therapy
• Resuscitation team concept
• Cardiac, respiratory and shock case discussions and simulations
• Systematic Approach to Pediatric Assessment

Initial PALS Certification

The Pediatric Advanced Life Support (PALS) HeartCode Part 2 & 3 course follows completion of the Online HeartCode Part 1 course. Students complete the online HeartCode PALS course and then attend the hands-on class portion. Cost: $232 which includes the online access code, skills practice and test-out session. Cost of a PALS provider manual is not included. This course is for initial or update PALS certification.
