24/7

If you feel you've been sexually assaulted or raped...

The Iris Program helps victims of sexual assault and rape by providing compassionate nursing care for victims, age 16 and older. Our medical forensic nurses are trained to help with the trauma in a private and sensitive manner. We also provide referrals for medical follow up and counseling

The Iris Program can help.

We offer

- Confidentiality and privacy
- Physical examination
- Individualized treatment plan
- Forensic nursing care
- Forensic evidence collection
- Anonymous examinations
- Safety planning
- Community resource referrals
- Intensive Outpatient Therapy (Behavioral Health Services)

The Iris Program is part of Wooster Community Hospital Health System Emergency Department and has specialty nurses available 24 hours a day.

Hope and Healing

Victims often feel confused, alone, and afraid after experiencing sexual assault or rape. Our caring team is here to provide forensic examinations and help you navigate the process. Your recovery is important to us at The Iris Program. Call for more information.
