

ACLS Healthcare Provider: 2021 American Heart Association Class Registration (NON-WCH employees)

Name: _____ Phone number: _____
 Email address: _____

To register, please complete this form and mail to THE AHA Office.

Welcome to the ACLS/BLS combined renewal or ACLS new provider course. The BLS course is designed for health care providers to learn high-quality cardiopulmonary resuscitation (CPR) for victims of all ages with a single rescuer and/or a multi-rescuer team approach. The ACLS course is designed for health care providers who are involved in the management of cardiopulmonary arrest or cardiovascular emergencies. The goal of this course is to enhance your skills in the recognition and intervention of cardiopulmonary arrest, immediate post-cardiac arrest, acute arrhythmia, stroke and acute coronary syndromes in order to improve patient outcomes. The course does NOT teach ECG rhythm recognition, or pharmacology.

Please plan to arrive to class on time with your ACLS and BLS manual. Students will not be permitted into the class once the class has started. Students are expected to be present and participate in the entire course.

Please wear loose, comfortable clothing to class. You will be practicing skills that require you to bend, stand, and lift. If you have any physical conditions that might prevent you from engaging in these activities, please inform an instructor at the beginning of class so the equipment can be adjusted to meet your needs.
